Description

NEMUNO BANGA is an experienced manufacturer of a wide range of cigarette filters based in Lithuania. Filter making is something that we are proud to have been doing successfully from 1993 and we are currently exporting worldwide. Our extensive experience and laboratory equipment, highest quality raw materials from established manufacturers, full compliance with ISO 9001:2008; ISO 14001:2004; OHSAS 18001:2008 and highly skilled human resources enable us to maintain our main advantages: highest quality products, flexibility, short delivery terms as well as continuous support for our Customers in terms of new filter designs, research and project development.
