Description

Majoris Ltd is the Lithuanian corporate wear, school uniforms and business clothing producer, with know-how and long-term experience in this sector. The list of our clients includes corporates such as Bank of Lithuania and DNB bank Lithuania. Our aim is to produce slow fashion and long lasting, time tested garments with the guarantee of the long-term cooperation. We create designs and color combinations, adjust models, patterns and fabrics considering to the needs of every single company. In the sewing process, we match the garments for every single employee as well. We pay a lot of attention to the construction, comfortability of the garment as well as the color continuity fabrics. All our chosen fabrics have good technical characteristics - they are stable in color and shrinkage and reproducible in shades. We think that the corporative clothing must have qualitative fabric, comfortable construction and subtle design. Those components together create unique and professional image for every company.

Business Line

Sewing, knitting, design
