Description

Recalling those days when after the establishment of the printing-house in spacious premises of 25 square meters of area in 2007, we were staring at the phone and desperately waiting for an order larger than a hundred of business cards, and handling these “merciful” orders with desktop printer and manual cutter, today we are happy to see our development.

List of products

Products: Calendars POSM production – advertising constructions for shopping malls Cardboard advertising stands – advertising stands, product stands – Production of cardboard constructions Digital printing –extremely quickly handled small print run (samples of digital and offset printing) Large format digital printing – large format Offset printing – large runs Services: Application of window/floor stickers Decoration of trading centers – Shop window decorations and stickers Decorations for events – Decorating works for events.
