Description

UAB Larinta - since 2007 a successful non-standard furniture design and manufacturing company. According to individual orders, we design and manufacture kitchen furniture, living room, hallway, bathroom, bedroom, youth room furniture. There are also specialized office furniture, schools and kindergartens. We use high-quality and certified materials in the production - laminated chipboard (LMDP), painted wood particle board (MDF), natural wood shell, glass and metal constructions of various types, colors and textures. We can offer various and high-quality furniture fittings (Blum, Grass, Hettich, FGV), various lighting elements. We cooperate closely with manufacturers of household appliances, standard and upholstered furniture, therefore, we can offer not only individual furniture of your own, but also all the home, office, school or kindergarten interior decoration you want. We are located in Klaipėda, but we accept orders from all over Lithuania. In order to ensure that our products r
